

Dear Valued Student,

Since the founding of the school in 1968 we have been providing the highest quality driver training in the New York metropolitan area. Thanks to our over 40 years of experience, we are able to offer you the most up to date and comprehensive instruction available.

The instructors selected by Ferrari are college trained, NYS Certified, multilingual and hired on the basis of experience, patience and their dedication to highway safety. All the late model vehicles used for our driver training are equipped with dual controls.

Whether you're obtaining your Automobile, Motorcycle, Scooter, Tractor-Trailer, Bus, Truck or Mini-Bus License; our proven methods of training prepare you to pass the road test and help you build the confidence and skills needed to be a safe responsible driver. The training you receive at Ferrari Driving School WILL LAST A LIFETIME!

Choosing a driving school is one of the most important decisions you make. We want to thank you for choosing the Ferrari Driving School, Inc. and to assure you that our goal is to help you to become a safe and responsible driver by providing you with the training and knowledge you need in a supportive and enjoyable atmosphere.

You took the first step alone; we will take you the rest of the way to your goal.

Sincerely Yours,
Domenico Pinto

EMPLOYMENT OPPORTUNITIES IN THE TRANSPORTATION INDUSTRY

If you're interested in a future in the Transportation Industry; we invite you to visit us and learn about the exciting opportunities available in this growing field and just how quick and easy it is for you to get started.

The Commercial Trucking and Passenger Transportation Industries are growing constantly. CDL Drivers are always in high demand and a CDL career provides safety and stability. The Trucking Industry moves 70% of the nation's freight, employs 1 out of every 12 US workers. The transportation of goods and passengers will always require the services of a CDL Driver. As a Commercial Driver you cannot be replaced by a machine or a computer, unlike many Hi-Tech Jobs you won't need to constantly go back to school for more training and your Job cannot be sent overseas.
